

CERTIFICATE OF COMPLIANCE

All Lane 1/2" Lifters, Part Nos. ST-1247, 704, 1016, RPI06, RMPI08, RMPI10, RMPI12, F-12942, and F-12826 supplied by Lane International Corp. are manufactured from 1/2" diameter grade 60 wire rod. The steel rod is manufactured by Cascade Steel, McMinnville, Oregon. The steel conforms to ASTM A-615 specifications. These lifters have a 4 to 1 Safety Factor with a lifting capacity of 6,800 lbs.

The Lane Lifters are then hot dipped galvanized after fabrication by Pacific States Galvanizing, Tualatin, Oregon. The galvanizing conforms to ASTM A-123.

All of the components are of domestic origin and all manufacturing is done in our plant in Tualatin, Oregon. These 1/2" Lane Lifters are of U.S. origin and comply with the ARRA Act of 2009.

Lane International Corp.

A handwritten signature in black ink that reads "Kelly Robertson".
